

SCHOOL SAFETY ALERT

HOLD-IN-PLACE LOW LEVEL INCIDENT INSIDE BUILDING

March 27, 2024

Dear Parents,

Today, our school went into a **Hold-In-Place and Teach** safety protocol at 2:30 .

We experienced a medical emergency with a student. Paramedics were called to assist in the matter.

During the **Hold-in Place and Teach**, students are held in their classrooms while instruction continues until the incident is resolved. Also, during this time, no one is allowed in or out of the building while the incident is being addressed. All entrances and exits are temporarily closed to all visitors, students, and staff until the safety alert is lifted.

Further information will follow once the **Hold-In Place and Teach** is lifted.

As always, the safety of our staff and students is our highest priority. We will continue to keep you updated if more information becomes available.

Sincerely,

Principal

- Students are gathered in the classroom for continued instruction while incidences are being addressed.
- Temporary restrictions of all access in and out of the building are put into place
