

Dear Monee Elementary School Community,

My name is Dr. Kiwana L. Sanders, and I am elated to be the new principal of Monee Elementary School. To serve as a school principal is an honor and privilege that I do not take for granted. Monee Elementary School has a history of putting children first and that will continue to be the commitment of every faculty and staff member of Monee Elementary School.

I am proud to say that this year marks my twenty-eighth year in education, and it is my fourteenth year as an administrator. Throughout my career I have worked as a middle school Language Arts teacher, a Reading Specialist, a Lead Literacy Coach, School Improvement Planning Team member, Department Leader, Assistant Principal, cheerleading coach, and Girls' Mentoring Sponsor. However, being the proud mother of two has been my most rewarding position. Each of these positions has helped me to be the instructional leader and servant leader that I am today.

As your principal, I expect to partner with you to ensure that Monee Elementary is the pride of CM201U! I am committed to sustaining the high expectations at Monee Elementary and to working tirelessly with all stakeholders to ensure each child has a quality educational experience EVERYDAY!

I look forward to working with you.

Your partner in education,

Kiwana L. Sanders, Ed.D.
