## **2022-23 Department of Business Goals**

**Provide our students with equitable, safe, and well-maintained facilities**

**Prioritize our financial resources to meet our short and long-term goals**

### **Complete the Fiscal Year 2022 Audit by December 15, 2022**

According to the Illinois School Code, School Districts are required to submit their annual audit for the previous fiscal year by October 15th. However, School Districts may request a 60-day extension to December 15th. The request needs to come from the auditing firm.

The primary goal of the Department of Business & Operations is to complete the fiscal year 2022 audit by November 30, 2022. This will allow time to be presented to the Board of Education for its approval during the December meeting and submitted to the Illinois State Board of Education in a timely manner.

### **Transition Business Suite Platforms from Skyward SMS to Skyward Qmlative**

Skyward Qmlative is the most current platform and we have transitioned from our SMS platform to Skyward Qmlativ in February 2022. We continue to review current procedures and guidelines to make our work more efficient.

### **Develop end-of-the-month closing procedures**

The Department of Business & Operations is to develop consistent procedures in order to close the month. This will be an ongoing process that will conclude on June 30, 2022 with final procedures.

### **Facility Planning and Capital Projects**

The Department of Business continues to oversee the completion of the Short-Term Facility Plan that addresses outstanding life-safety projects and installs new HVAC systems in non-air-conditioned buildings that includes year-round climate control.
