Dear Coretta Scott King Magnet School Families,

On October 31, 2018 Illinois State Board of Education (ISBE) released our 2018 School Report Card. The Report Card shows how well our school is progressing on a wide range of educational goals.

Beginning this year, each school's annual Report Card now includes a summative designation which describes how well our school is meeting the needs of all students. Using 10 measures of performance, including student growth, ISBE assigned one of four summative designations to each school in Illinois as follows:

Exemplary: Schools scoring in the top 10% statewide for [K-8 schools or high schools].

Commendable: Schools scoring below the top 10% with all student groups performing above an identified level.

Underperforming: Schools with one or more student groups performing below the identified level.

Lowest Performing: Schools scoring in the lowest 5% of [K-8 schools or high schools] state-wide.
